Description

The 355th Communications Squadron is looking to replace several server racks and have cable management/clean-up services performed in the same racks that are being replaced. The Contractor shall provide all required transportation, personnel, equipment, tools, parts, labor, appropriate supervision, and management needed to accomplish the work requested. A site survey shall be conducted prior to final purchase of necessary equipment to ensure all racks and fiber optic cable for replacement are properly identified and any concerns with facility or overall install are to be addressed.
