After hours:	
Sunday / holiday:	
Is there a trip charge?	
If so, what is the trip charge?	
If no trip charge, is travel time charged?	
If so, explain:	
Solution	
Please indicate any assumptions you made in your quote	
Are you comfortable with the outlined implementation schedule and the work hours?	
We are working with the district's summer programming so that we can avoid being in schools during summer programs. Please indicate if you are in agreement with the schedule presented in Section 2, assuming you could start April 15th after hours doing prep work / running cabling in ceilings. If this schedule is not acceptable, please identify a proposed schedule.	
Please indicate how many crews and how many staff per crew you will have onsite all summer.	
Please confirm that you have included all required solution components for the quantities listed in this appendix and on the prints, and if your proposal does not include enough you will include these at no additional charge.	
State Cabling Manufacturer/ Model	
Do all proposed cabling systems include a certified 25-year performance guarantee?	
State specifically what organizations are responsible for the certified 25-year warranty.	
Please include a copy of the performance guarantee with your proposal.	
Please confirm that all employees that will be working onsite on the project have attended asbestos training.	
Extended Unit Prices	
EXTENDED UNIT PRICES as defined above to any requesting Oakland County school district for the terms and period defined. Indicate below acceptance of these terms, acceptance with modifications as indicated or exception taken. The terms defined for EXTENDED UNIT PRICING can be utilized by any requesting Oakland County School district for the time period specified. (Check ONE line below)	
Are you comfortable with the outlined EXTENDED UNIT PRICING as defined above to any requesting Oakland County school district for the terms and period defined
